Death From Hydrophobia.

About twenty-one years ago a daughter of P. Hawk, residing near Kresgeville, in Monroe Co., was bitten by a mad dog. The animal too bit several cows and dogs, and they immediately showed symptoms of the disease. Mr. Hawk being quite a wealthy man, called physicians to see his child, and had everything possible done to prevent an attack of the horrid disease. She escaped, grew to be a woman, and was married, but still no decided symptoms appeared. Week before last she was however seized with the dreaded malady, and after much suffering died on Tuesday of last week.—Here then is an authenticated case where the saliva of a rabid beast has lingered in the system for nearly twenty-one years.—Allentown Democrat.

The success of Briggs' Pile Remedy as a positive cure is unequalled in the annals of medicine. Relief is immediate when used as directed. The immense demand for this great remedy is unparalleled. Tape Worm! Tape Worm!

Tape Worm removed in from 2 to 3 hours with harmless Vegetable Medicines. The worm passing from the system alive. No fee asked until the entire worm, with head, passes. Medicines harmless, can refer those afflicted to the residents of this city whom I have cured. At my office can be seen hundreds of specimens, measuring from 40 to 100 feet in length. Fifty per cent. of cases of Dyspepsia and disorganization of the Liver are caused by stomach and other worms existing in the alimentary canal. Worms, of the most dangerous character, are little understood by the medical men of the present day. Call and see the original and only worm destroyer, or send for a circular which will give a full description and treatment of all kinds of worms, enclosed in return for the same. Dr. R. F.
